

BRAVES SIGN THREE PLAYERS

O'Regan, Catcher on Boston College Nine for Three Seasons

PITCHER DAVIDSON BROOKLINE

And Tim Dooley, An Infielder of Brookline, Will Join Team

Boston, Aug. 13.—The signing of three new players was announced today by the Boston National League club. The trio, all from this state, are catcher Duffey O'Regan of Brighton; pitcher Al Davidson of Brookline, and infielder Tim Dooley of Brookline. O'Regan, who graduated from Boston college last year, was catcher on the varsity nine for three seasons.

WHANGED A HOMER;
FIELDED BRILLIANTLY

Babe Ruth Demonstrated That He Is a Wonderful Ball Player.

Philadelphia, Aug. 13.—Babe Ruth not only hit his 44th home run of the season in yesterday's game between the New York and Philadelphia American League clubs, but performed brilliantly in the field. In the first he caught Johnny Walker's fly. In the fourth he executed a spectacular running catch of Till Walker's short but high fly back of shortstop. In the sixth he backed against the wall after a sprint to his right and got a long drive by Hasty.

LANGFORD GOT DECISION.

In 10-Round Bout with Lee Anderson at Omaha.

Omaha, Neb., Aug. 13.—Sam Langford was given a decision over Lee Anderson of Oakland, Cal., at the end of their ten-round bout here last night. The fight was the first to be staged under the new Nebraska boxing law.

AMERICAN LEAGUE.

Philadelphia 8, New York 6.
St. Louis 3, Detroit 1.
Cleveland 6, Chicago 1.
Other teams not scheduled.

Whenever it's run down.—Boston Transcript.

UNIVERSAL

ELECTRIC IRON

Heats Hottest Irons Smoothest

MANY a woman puts wrinkles in her countenance while taking them out of her clothes and the iron makes her more tired than the ironing. The "Universal" isn't cumbersome and unwieldy. It isn't necessary to lift, pound, and bear your weight on it in order to iron heavy linens.

The "Universal" irons by its weight and heat—not by force and pressure. And the handle is always cool.

You'll never miss the money you pay for it—you'll miss only the labor that used to tire you.

AT THIS SEASON LOSS OF APPETITE

Is very common. In many cases it is due to impure blood, which cannot give the digestive organs the stimulus necessary for the proper performance of their functions.

Thousands know by experience that Hood's Sarsaparilla restores appetite and would advise you to give it a trial this season. It originated in the successful prescription of a famous physician. Get it to-day.

Take Hood's Pills if you happen to need a laxative—they don't gripe.—Adv.

THIRTY-TWO PITCHERS IN EIGHT GAMES

Only Five Twirlers Started and Finished Their Games in Big Leagues Friday.

New York, Aug. 13.—Thirty-two pitchers were used in eight major league games yesterday. Five twirlers, who started and finished, were Grimes of the Brooklyn Nationals, Cooper of Pittsburgh, Smith of the Philadelphia Nationals, Coveleskie of the Cleveland world's champions and Van Guilder of the St. Louis Americans.

MORETOWN THE WINNER.

Defeated Warren Thursday By Score of 5 to 4.

Moretown, Aug. 13.—The ball teams of Warren and Moretown met Thursday afternoon in Moretown to show their respective skill in the great American game, and after a close game Warren retired with a defeat of 5 to 4.

Warren started the game, with Jones up first at bat, who rapped out a fly to Griffith which the latter caught with a Trix Speaker one-hander. Sassi drew a base on balls, stole to second and scored when Specks knocked out a single.

More town could do nothing in the half. Slayton and Duba striking out though Granai drew a base on balls, and when Ward hit to second for an easy out at first he stole to second. In the second and third innings outside struck out in order. Moretown started something in the last half of the fourth when Duba, making a base on the pitcher's fumble, came in on a two-bagger by Granai. Granai scored when Ward got by on a wild pitch.

A hit to deep center by E. Griffith was enough to send in Ward, but Atkins the next man to bat, struck out.

In the fifth inning Moretown went down in order, and Warren failed to get a run across. Sassi started the scoring in the sixth when he hit to Duba, who threw low to first. Duba stole second and came home on a single from Gove, who duplicated this trick, stealing to second and making the run on a sacrifice from Colby. Ford, the next man to take up the willow, struck out, and Blake ended the half by shooting an easy fly to Ward.

Moretown had poor luck in their half striking out in order, and in the next both teams failed to touch the bags.

In the eighth Warren pulled in one more score when Sassi rapped out a single and Specks sent him home with a three-base hit. Specks, however, did not have a chance to run in, for the next three men were easy outs.

In Moretown's part of the eighth, Newton hit to Colby for an out at first. Slayton managed a second and Duba second after a single, with Granai hitting to Pray, who made a grand stand catch in deep center. Nothing doing in the first of the ninth.

Ward and Grandfield were the next two up and with the hits of Griffith and Atkins were able to score. In picking up Griffith's bunt Sassi grew wild and knocked the fleeing Griffith in the head when hurling the sphere to first. The ninth ended with the score of 5 to 4 in favor of Moretown.

Moretown was backed by Slayton on third base, Duba as Granai 1b., Ward p., Grandfield c., E. Griffith 1b., Atkins 2b., M. Griffith cf. and Newton rf. Warren was represented as follows: Jones 3b., Sassi c., Specks 1b., Gove ss., Colby 2b., Ford p., Blake rf., Pray cf. and Chadwick 1b.

Moretown met Woodstock's team on the latter's field Saturday and trimmed them with a 3 to 2 score. Duba did the mound work.

FRENCH TENNIS QUEEN COMES

Suzanne Lenglen Will Test Skill Against Americans

WILL LIMBER UP THIS AFTERNOON

Mlle Lenglen Accorded a Most Hearty Welcome

New York, Aug. 13.—Suzanne Lenglen, French tennis champion, arrived today on the steamship Paris to try the skill of America's women stars on their home courts.

Representatives of the United States Lawn Tennis association and the American committee for devastated France went to the pier to greet the French queen of the courts and planned to escort her this afternoon to a tennis court where she could start limbering up for her campaign. Her first match is scheduled for Monday, with Miss Elinor Goss as opponent in the opening round of the women's national championship at Forest Hills.

Mlle. Lenglen was accompanied to America by her mother, A. R. DeJoannis, vice president of the French Lawn Tennis federation, and Mme. DeJoannis.

Mlle. Lenglen and M. DeJoannis will be guests of honor to-morrow evening at a dinner arranged by members of the American committee for devastated France in the interests of which she will appear in exhibition matches in September. Maurice Casenave, the French high commissioner, has been invited to attend as the official representative of the French government.

PINCH HITTER TWOMBLY IS AFTER HORNSBY

Chicago Cub Has Average of .375; Hornsby Dropped to .410 This Week.

Chicago, Aug. 13.—Clarence Twombly, who has been alternating between playing the outfield for the Cubs and acting as premier pinch hitter, is closing the gap between himself and Rogers Hornsby, the St. Louis star, for setting houses in the National league. The Chicagoan tacked on five more points to his batting average and is the runner-up to Hornsby with an average of .375. Hornsby dropped five points, but continues to top the list with .410. Peg Young of New York is third with .360.

George Kelly of the Giants cracked out his nineteenth homer during the past week and is leading the circuit drive hitters, his closest rivals being Hornsby and McHenry of St. Louis, each of whom have 15.

Frisch of New York, stole three bases since the completion of the previous figures and is showing the way to the base stealers with 34 thefts.

Hornsby broke the tie which he shared with Frisch for runs scored and is leading this department. He registered 40 times.

Other leading hitters: Cutshaw, Pittsburgh, .351; McHenry, St. Louis, .346; Nicholson, Boston, .346; Cruise, Boston, .342; Rousch, Cincinnati, .339; Fournier, St. Louis, .338; Meusel, New York, .335; Maan, St. Louis, .335.

Babe Ruth, the home run king, is many days ahead of his 1920 circuit drive record. The Yankee slugger crashed out his 44th homer in the game Friday between New York and the Athletics. Ruth has only to make 11 more to surpass his record.

Harry Heilmann, the Detroit slugging outfielder, struck a slump in his batting and although he continues to top the players who have participated in 60 or more games, his average went from .432 to .417. Ty Cobb, his manager, who is the runner-up, also slumped, his mark being .407. Tobin of St. Louis moved up to third position with an average .373. Babe Ruth next with an average of .369, two points in front of Fris Speaker, who dropped from third place. Speaker's mark is .367.

S. Harris of Washington failed to add to his string of stolen bases and is showing the way with 20 thefts.

Other leading hitters: Flagstad, Cleveland, .350; Sisler, St. Louis, .336; Williams, St. Louis, .333; Severid, St. Louis, .348; E. Collins, Chicago, .347.

HOUSE PASSED GRAHAM BILL

To Impose 90 Per Cent Ad Valorem Duty On Re-importations.

Washington, D. C., Aug. 13.—By a vote of 186 to 83 the House passed yesterday the Graham bill to impose 90 per cent ad valorem duty on re-importations of supplies sold by the American army abroad. Stocks worth nearly two billion dollars were sold abroad. Representative Graham, republican, Illinois told the House and a considerable share of them was coming back to this country.

WON MANY HONORS.

Dr. Matthew H. Cryer, Professor Emeritus at U. of P.

Philadelphia, Aug. 13.—Dr. Matthew H. Cryer, professor emeritus of oral surgery at the University of Pennsylvania, died here yesterday. He was eighty-one years old. Dr. Cryer was one of the most noted oral surgeons in this country and won many honors here and abroad. He was born in Manchester, England.

Promise Kept.

Wife—She told me the whole story just as I have repeated it to you, and made me solemnly promise not to whisper a word of it to anybody.

Hub—Then why did you tell me?

Wife—Well, I didn't whisper.—Boston Transcript.

A Bit of Advice.

"Things ripen quickly in a heated atmosphere," says a household writer. That's so—love. Give your girl plenty of hot air.—Boston Transcript.

SUFFERED SINCE CHILDHOOD

With Chronic Constipation and Headaches. Completely Relieved by "FRUIT-A-TIVES"

OTIS M. BRYANT

49 Anderson St., Portland, Maine.

"I was troubled with Constipation ever since I can remember; as a result, was subject to distressing Headaches and pain in my left side. I would go for two or three days without any movement of the bowels. I chanced to read about 'Fruit-a-tives', in one of our local papers, and began their use about four months ago. Since then, I have been free from Headaches, my bowels have been regular, and from the use of several boxes of 'Fruit-a-tives', I feel that the great benefit I have derived justifies me in pronouncing them a remedy of true and exceptional merit."

OTIS M. BRYANT.

50c. a box, 6 for \$2.50, trial size 25c. At dealers or from FRUIT-A-TIVES Limited, OGDENSBURG, N. Y.

VOLIVA FIGHTS OTHER SECTS.

Which are Trying to Get Foothold in Zion City.

Zion, Ill., Aug. 13.—Wilbur Glenn Voliva, overseer of Zion, renewed his attack yesterday on religious organizations which have opened churches here in opposition to the Zion church with the announcement that the famous leases of Alexander Dowie will be changed to prohibit the transfer of property without the personal approval of the overseer.

The new leases will be for 1,079 years, the seventy-nine years being added to cover the period during which the Lord is expected to come again and take his saints out of the world for seven years, according to Dowie's teachings. At the end of the seven years they will be returned to establish his rule throughout the world for 1,000 years.

Dowie's leases made in 1900 were for 1,100 years. The seven year flight of the saints to heaven was to take place some time during the extra 100 years. The new leases, running 1,079 years, will terminate, like the originals, in the year 3,000.

The leases forbid the sale of storage in Zion of pork, lard or other products of swine; the construction or operation of theatres, opera, moving picture houses, circuses or dance halls; secret societies, the keeping or sale of intoxicants, sale or manufacture of tobacco, operating of a drug store or sale of drugs, and the use of any property as the residence or office of a physician or surgeon.

132 CONSECUTIVE BULLSEYES.

Sargent P. W. Jones Probably Made New Record.

Wakefield, Mass., Aug. 13.—Sergeant P. W. Jones of the marine corps established what was claimed as a new world's record when he scored 132 consecutive bulls eyes in a 300 yard slow fire match in a service tournament here today. A regulation army rifle was used.

Free Tuition for Vermont Teachers

In addition to its regular four-year collegiate course leading to the degree of Bachelor of Science in Education,

The University of Vermont through an arrangement with the State Board of Education, will offer this Fall

A Two-Year Teacher Training Course with Free Tuition to Vermont Students

and the opportunity to pursue collegiate course for which academic credit will be given. In connection with this course the University will place at the disposal of the teacher training students its entire plant, including dormitories, laboratories, library, gymnasium and athletic facilities.

The student who completes a one-year teacher training course may secure a probationary certificate good for one year with the privilege of two renewals. At the end of the two-year course a probationary certificate may be secured with state aid of three dollars per week. At the end of one year of teaching the certificate may be renewed or a qualification certificate may be issued good for five years.

A bulletin containing full information in respect to admission requirements, board and rooms, curriculum and conditions under which free tuition may be obtained may be secured by applying to

HUNGARY GIVES ITS APPROVAL

To Peace Resolution Adopted By United States Congress

AND GOVERNMENT IS AUTHORIZED

To Negotiate a Treaty of Peace With Washington

Budapest, Aug. 13 (By the Associated Press).—Unanimous approval of the peace resolution adopted by the United States Congress early in July has been voted by the Hungarian national assembly. The government is authorized to negotiate a treaty of peace with Washington.

TREE GROWS ON TOWER.

Maple, Twenty Feet High. Thrives in Air Without Soil.

Sometimes the little triumphs over the mighty. David put a stone in a sling and slew the giant. A wee bird, unknown and unused conspired with a tiny seed and conquered the cement tower of the Decatur county courthouse at Greensburg, Indiana; and seed grew up into a maple that caused the place of its birth to be heralded far and wide as "The Tree on the Tower City."

Time passed; it has a way of doing that. The tree became the inspiration of J. Falconer Fraser, a Baptist minister. He turned poet and composer, wrote a song, and christened his effort "The Tree on the Tower." You may never have heard of the production; nevertheless it goes serenely on its way. "The tree," says the Rev. Mr. Fraser, "is not a myth but an actual fact. It may be seen the year through, putting forth its leaves in the spring and shedding them as naturally as though its tangled roots were firmly fixed in old Mother Earth. The seed is supposed to have been planted there by a bird at a time before the tower was finished. The cement being of a porous nature, holds enough moisture to sustain its life."

At one time no less than seven trees were growing on the tower. As the largest of these was threatening to wreck the roof in 1888, it became a question of saving the roof or the tree; so the largest tree was sacrificed. Since that date others have died all except the one on the northeast corner of the tower as shown in the picture.

"The first shoot," an old resident of Greensburg told me when I inquired concerning the history of the phenomenon, "was noticed about 47 years ago by a man who had bought a new sash and was trying it out on the courthouse to find how well he could see with it. Later other shoots were seen. At the time the courthouse was remodeled nearly 30 years ago, the first tree showed signs of decay and was removed. The stump of it, however, is still standing about a foot above the stone blocks which form the roof of the tower. The remaining tree is in a healthy condition."

At the present time the tree is approximately 18 or 20 feet high and has a bole of five inches in diameter. It is little affected by summer droughts, and it remains green even when the ground-anchored trees in the courthouse yard show the effects of dry weather. The remarkable endurance, the sheer prescience of the tree, is almost an anomaly. How can it live? How can it grow? On the tower there is no soil.

Some years ago a scientist conducted an experiment to ascertain how a tree grows and on what it subsists. He took a willow that weighed five pounds and planted it in a large earthenware pot that contained 200 pounds of soil. After five years he took the tree and the soil out of the pot and weighed each separately. He had watered the tree every day. How it had flourished

Cuticura Is Just Right For Baby's Tender Skin

Bathe him with Cuticura Soap and warm water. Dry gently and if any sign of redness, roughness, irritation or rash is present, anoint with Cuticura Ointment to soothe, soothe and heal. Finally dust on a few grains of the fragrant, delicately medicated Cuticura Talcum.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. 50, Malden 45, Mass." Send every-where. (Keep No. Ointment 10c and No. Talcum 5c. Soap Cuticura Soap shaves without lather.)

for the scales indicated 170 pounds. There seemed to be as much soil as on the day that he planted the sprout, but the scales showed two ounces less. Evidently the tree had waxed large on a diet of air and water.

Now there is no soil in the Greensburg tower, yet the maple in a test of drought stands revealed as hardier than those trees in the courthouse yard. Why? When science can find the answer to this question of how a tree not only exists but grows on air and the water the cement blocks absorb, science will have added a bright feather to its cap.—Dearborn Independent.

Better Days.

"Crimson Gulch seems to have become strangely sedate, remarked the visitor.

"Yep" replied Cactus Joe: "all the boys have taken a notion for getting married and settling down. Instead of squandering their money they're saving it up to buy yeast cakes and raisins and such."—Washington Star.

Welcome Change.

Journalist—"I have an idea for a newspaper article that will strike a new note."

Editor—"Good. Most newspaper articles merely note a new strike."—London Weekly Times.

The Other Day

We advised stocking up with socks.

We named a price of 50c the pair for Fibre Silk Hose.

Perhaps you want something better.

If so, just try Pure Thread Silk. If you don't say they are just about the most comfy thing you ever had on your feet then we must say you are not a good judge.

These hose for the present are 75c and \$1.00 the pair.

They're just the kind you should have for Sunday.

Closed Monday Evening at 5:30.

The Daily Newspaper is an Instant Force

WISE national advertisers are not making long-time commitments these days. Conditions are changing too rapidly.

What may have been a bad market yesterday may be a good one to-morrow.

What might be a fair price to-day may be low or high a week hence.

Alert merchandisers are marshalling their selling forces so they can have the right men on the right spot at the right moment.

In times like these there's no force so adaptable to the problems of the manufacturer or national distributor as newspaper advertising.

The national newspaper advertiser can change his appeal overnight. He can

move from one market to another instantly.

He can start here or stop there. He can make every advertising dollar count one hundred cents efficiency.

In no other medium except the daily newspaper can he have like advantages.

The daily newspaper is the medium of complete adaptability, just as it is the medium of immediate results.

Manufacturers and distributors interested in the problems of modern merchandising are invited to write to the Bureau of Advertising, 806 World Building, New York, for a copy of the book, "National Advertising and the Newspapers"
